William H. McKee, Raleigh	1859-1866
Christopher Happoldt, Morganton	1859-1866
J. Graham Tull, New Bern	1859-1866
Samuel T. Iredell, Secretary	1859-1866

SECOND BOARD

N. J. Pittman, Tarboro	1866-1872
E. Burke Haywood, Raleigh	1866-1872
R. H. Winborne, Edenton	1866-1872
S. S. Satchwell, Rocky Point	1866-1872
J. J. Summerell, Salisbury	1866-1872
R. B. Haywood, Raleigh	1866-1872
M. Whitehead, Salisbury	1866-1872
J. F. Shaffner, Salem	1866-1872
William Little, Secretary	1866-1867
Thomas F. Wood, Secretary, Wilmington	1867-1872

THIRD BOARD

Charles J. O'Hagan, Greenville	1872-1878
W. A. B. Norcom, Edenton	1872-1878
C. Tate Murphy, Clinton	1872-1878
George A. Foote, Warrenton	1872-1878
J. W. Jones, Tarboro	1872-1878
R. L. Payne, Lexington	1872-1878
Charles Duffy, Jr., Secretary, New Bern	1872-1878

FOURTH BOARD

Peter E. Hines, Raleigh	1878-1884
Thomas D. Haigh, Fayetteville	1878-1884
George L. Kirby, Goldsboro	1878-1884
Thomas F. Wood, Wilmington	1878-1884
Joseph Graham, Charlotte	1878-1884
Robert I. Hicks, Williamston[1]	1878-1880
Richard H. Lewis, Raleigh[2]	1880-1884
Henry T. Bahnson, Secretary, Salem	1878-1884

FIFTH BOARD

William R. Wood, Scotland Neck	1884-1890
Augustus W. Knox, Raleigh	1884-1890
Francis Duffy, New Bern	1884-1890
Patrick L. Murphy, Morganton	1884-1890
Willis Alston, Littleton	1884-1890
J. A. Reagan, Weaverville	1884-1890
W. J. H. Bellamy, Secretary, Wilmington	1884-1890

SIXTH AND SEVENTH BOARDS

R. L. Payne, Jr., Lexington	1890-1892
George W. Purefoy, Asheville	1890-1892
George G. Thomas, Wilmington	1890-1894
Robert S. Young, Concord	1890-1894
William H. Whitehead, Rocky Mount	1890-1896
George W. Long, Graham	1890-1896
L. J. Picot, Secretary, Littleton	1890-1896
Julian M. Baker, Tarboro	1892-1898
H. B. Weaver, Secretary, Asheville	1892-1898
J. M. Hays, Greensboro[3]	1894-1897

Charles T. Harper, Wilmington[4]	1914-1915
Edwin G. Moore, Elm City[5]	1915-1920
John G. Blount, Washington[6]	1914-1920
Hubert A. Royster, Secretary, Raleigh	1914-1920

ELEVENTH BOARD

Lester A. Crowell, Lincolnton	1920-1926
William P. Holt, Duke	1920-1926
J. Gerald Murphy, Wilmington	1920-1926
Lucius N. Glenn, Gastonia	1920-1926
Clarence A. Shore, Raleigh	1920-1926
William M. Jones, Greensboro	1920-1926
Kemp P. B. Bonner, Secretary, Morehead City	1920-1926

TWELFTH BOARD

Paul H. Ringer, Asheville	1926-1932
W. Houston Moore, Wilmington	1926-1932
T. W. M. Long, Roanoke Rapids	1926-1932
W. W. Dawson, Grifton[4]	1926-1932
J. K. Pepper, Winston-Salem	1926-1932
Foy Roberson, Durham	1926-1932
John W. McConnell, Secretary, Davidson	1926-1932
David T. Tayloe, Jr., Washington[7]	1930-1932

THIRTEENTH BOARD

Ben F. Royal, Morehead City	1932-1938
Benj. J. Lawrence, Secretary, Raleigh	1932-1938
F. Webb Griffith, Asheville	1932-1938
Hamilton W. McKay, Charlotte	1932-1938
J. W. Vernon, Morganton	1932-1938
W. H. Smith, Goldsboro	1932-1938
K. G. Averitt, Cedar Creek[6]	1932-1936
Roscoe D. McMillan, Red Springs[8]	1936-1938

FOURTEENTH BOARD

Karl B. Pace, Greenville	1938-1944
William M. Coppridge, Durham	1938-1944
Frank A. Sharpe, Greensboro	1938-1944
Lewis W. Elias, Asheville	1938-1944
J. Street Brewer, Roseboro	1938-1944
W. D. James, Hamlet	1938-1944
L. A. Crowell, Jr., Lincolnton	1938-1944

[1] Resigned before the expiration of his term.
[2] Elected for short term expiring in 1902.
[3] Elected to serve the unexpired term of Dr. Pressly.
[4] Died before the expiration of his term.
[5] Elected to serve the unexpired term of Dr. Harper.
[6] Died a few months before the expiration of his term; such a short time that the vacancy was not filled.
[7] Elected to serve unexpired term of Dr. W. W. Dawson.
[8] Elected to serve unexpired term of Dr. Averitt.

NOTE: In 1890 the Medical Society of the State of North Carolina adopted the plan of electing members of the Board in such a manner that the terms would expire at different intervals of two years. This practice was followed for twelve years, or until 1902, when the plan was abandoned; an equivalent of two terms of six years each. It is evident that the Society arranged to abandon the policy as early as 1898, as two members were elected for short terms, and two years later two other members were elected for still shorter terms. It is therefore impossible to separate the sixth and seventh Boards, since the membership was overlapping.

ROSTER OF MEMBERS NORTH CAROLINA STATE BOARD OF HEALTH FROM ORGANIZATION IN 1877 TO 1938

Name	Address	Appointed by	Term
S. S. Satchwell, M.D., President	Rocky Point	State Society	1877 to 1878

MOORE COUNTY MEDICAL SOCIETY MEDAL

In 1927 the Moore County Medical Society kindly put up enough money, the interest from which would pay for a medal to be given for the best paper read before the meeting each year. No one is eligible to receive this medal except Fellows of the Medical Society of the State of North Carolina in good standing; no invited guest is allowed to compete.

Each Section Chairman selects a committee of three to pass on the best paper written in their section. These six papers are then turned over to the State Committee who pass on the best of the six papers, the winner in this instance to receive the medal. The following Fellows have been awarded this medal:

1928—Paul Pressly McCain, M.D.....Sanatorium
"The Diagnosis and Significance of Juvenile Tuberculosis"
(From Section on Pediatrics)

1929—A. B. Holmes, M.D.....Fairmont
"The Treatment of Uremia"
(From Section on Chemistry, Materia Medica and Therapeutics)

1930—C. T. Smith, M.D., and W. Bernard Kinlaw, M.D.....Rocky Mount
"The Clinical Consideration of Anaemia of Pregnancy and of Puerperium"
(From Section on Practice of Medicine)

1931—F. C. Smith, M.D.....Charlotte
"Practical Value of Perimetry in Intracranial Conditions; Case Reports" (tumors, vascular disease, toxemia, syphilis and trauma)
(From Section on Eye, Ear, Nose and Throat)

1932—Charles I. Allen, M.D.....Wadesboro
"An Improved Splint for Treating Fractures of the Lower Extremity Showing Reduction and Skeletal Distraction Attachments"
(From Section on Surgery)

1933—H. F. Sloan, M.D.....Charlotte
"Some General Remarks about Cataract Surgery, with report of 100 consecutive uncomplicated Cataract Operations"
(From Section on Ophthalmology and OtoLaryngology)
J. R. Adams, M.D.....Charlotte
"Hypo-glycaemia in Children"
(From Section on Pediatrics)

1934—Fred E. Motley, M.D.....Charlotte
"Complications of Mastoiditis with Special Reference to Septicemia"
(From Section on Ophthalmology and OtoLaryngology)

1935—Arthur H. London, M.D.....Durham
"The Composition of an Average Pediatrics Practice"
(From Section on Pediatrics)

1936—V. K. Hart, M.D.....Charlotte
"Etiological and Therapeutic Aspects of Bronchiectasis with Clinical Observations on Bronchial Lavage by the Stitt Method"
(From Section on Ophthalmology and OtoLaryngology)

1937—No award made.

1938—O. Hunter Jones, M.D.....Charlotte
"Pelvic Architecture and Classification with its Practical Application."
(From Section on Gynecology and Obstetrics)

SESSIONS OF THE HOUSE OF DELEGATES

TUESDAY EVENING SESSION

MAY 9, 1939

The opening session of the House of Delegates of the Medical Society of the State of North Carolina convened at nine-fifteen o'clock, Forum Lounge, *Queen of Bermuda,* J. Buren Sidbury, President, presiding.

PRESIDENT SIDBURY: The 86th Annual Session of the Medical Society of the State of North Carolina will please come to order. Our Secretary, Dr. Long, will call the roll.

Secretary-Treasurer Long called the roll as follows:

County	*Delegate*
Alamance-Caswell	_____ _____

Secretary-Treasurer Long: Mr. President, there being a quorum present, we can proceed with the business of the Society.

President Sidbury presented his prepared report, making the following interpolations:

1. Following the words "good comes from these efforts," on page 8: Here, if I may, I wish to further emphasize the point which I am trying to bring out by this editorial which is written about our Senator, Dr. Long. The editorial heading is "Senator Long's Record," and it reads: "If and when the doctors of North Carolina get around to the business of erecting a monument to a valuable fellow they should at least give some thought to Senator Long of Halifax whose many health measures passed by the current legislature have enriched the doctors no end.

"First off, medicos may charge the usual office rates for immunizing all children, except those born of believers in faith healing, before they are six months old. Then they may recheck and collect fees for all others under a certain age who passed the first barrier before the law was passed.

"Even the older children do not escape.

"There is another fee for all who would wed with the blessings and seal of North Carolina. Still along, all expectant mothers must go to the family practitioner for a blood test, and if anything is wrong with

that for treatment to remedy the possibility of a diseased child being brought into the world.

"Finally, the Senator-Doctor would obligate the state to pay out a round half million a year for those hurt in automobile crashes (the poor devils who die, however, must pay their own funeral expenses).

"All told, the medical profession will reap upwards of a million dollars from the legislative activities of the Senator-Doctor from Halifax.

"The paper approves in principle all bills devoted to raising the standard of public health, but it cannot conscientiously approve but one of the remedial bills sponsored by Dr. Long. That one is that which requires blood tests of prospective mothers.

"Diphtheria immunization is fine, but the law as written is a joke and a dangerous joke at that; one which parents might be pardoned for not observing.

"Pre-marriage examination is also excellent, theoretically, but worthless since adjoining states have easy marriage laws which will attract the 'undesirables' of North Carolina to their borders for a ceremony and then back to live in defiance of our own law.

"The hospitalization measure is at once absurd and clearly a violation of the Constitution of the state.

"But no trade delegate sent to Moscow by a Russian constituency has ever done a better job for his profession than Dr. Long of Halifax."

I have read this editorial simply to explain the importance of the doctors of North Carolina getting behind these three bills and seeing that they are enforced. If we do not, the editorial will carry its weight. Papers that write editorials like this are trying to educate the people to think that legislation of this sort is not necessary. These laws are in your hands, and I do not believe that one of us will be found wanting in trying to see that these laws are carried out to the letter.

2. Preceding the words, "3. That the State Society further encourage," on page 10: You approved my first recommendation. Our Secretary has put it across. I see no reason why we should have that written in our Transactions. It costs us money to write it, and I will take no exception if it is not there. That goes through all the Transactions, I would cut out all unnecessary discussions and therefore save our money to spend it in a more profitable way.

PRESIDENT'S REPORT TO THE HOUSE OF DELEGATES

J. Buren Sidbury, M.D.
Wilmington

In the beginning, may I express my sincere thanks for the many courtesies shown me and the encouraging words said to me this year while I have served as President of the Medical Society of the State of North Carolina?

I speak feelingly and sincerely when I say that in my opinion we have

the cleanest, finest, and highest type of doctors of any State in the Union. There may be other states which have a few more outstanding doctors in their midst, but a cross section of our Society will compare favorably with that of any State in the Union. When one visits our County and District Societies one is impressed with the high type of personnel always seen. This fact has made a most favorable impression on me as I visited the many societies of the State this year.

To be elected the head of such a fine group of medical men as constitutes our Society is the highest tribute that can be paid any doctor. To say that I appreciate from the bottom of my heart this high tribute is only a feeble attempt to tell you how grateful I am. I shall cherish this year as one of the sweetest memories of my life. I shall ever try to be worthy of the trust and confidence you have reposed in me.

I wish to express my thanks for the whole-hearted coöperation of the entire membership of our Society. Members of all committees have been most loyal, responsive, and coöperative. I have been impressed with the earnestness of purpose of all committees. They have taken their tasks seriously and have followed them to a successful completion.

Especially do I wish to express my appreciation to our most efficient and always cordial and coöperative Secretary-Treasurer. He has been a wonderful counselor and a most pleasant and coöperative worker. We are indeed most fortunate in having Dr. Long as our leader. He has, at much professional sacrifice to him, led our fight for Medical Legislation to a successful conclusion. We need more doctors like him in our legislature to advance medical legislation. I know no man in our Society who has done more for the people in our State from the standpoint of Public Health than Dr. Long has done this year.

May I also express my thanks to my good and loyal friend, Dr. W. Houston Moore, for his many deeds of kindness and words of wisdom to me this year. Dr. Moore is a good companion, a loyal friend, and a good counselor. I wish to nominate him to fill Dr. Cyrus Thompson's place in our Society. This he can do creditably.

Medical Harmony Throughout the State

The Medical Society of North Carolina is in good physical and financial condition. The membership is the largest in the history of the Society and the finances are in a good, healthy condition. There are 1,715 members of the Society of which 1,431 are active members. We have lived within our income through a legislative year, which always makes additional demands on our treasury.

Executive Committee Meeting

The Executive Committee held but one meeting and at this meeting the Mead Johnson Company presented the motion picture "The Birth of a Baby" for our official approval or disapproval of its showing to

the laity of North Carolina. The committee as a whole approved the picture as of great educational value.

At this meeting the Secretary-Treasurer was instructed to notify all members of the Society that signature by proxy, or attendance at the North Carolina Public Health Association Meeting in Greensboro would entitle one to credit for attendance at the annual State meeting. There are a considerable number of physicians in our Society who have never missed a meeting of the State Society, and, since the meeting place had made it impossible for them to attend for one reason or another, it was voted as fair and just that a proxy signature would entitle them to an unbroken attendance. This letter of information was sent out with the program from the Secretary-Treasurer's office in April.

Legislation

The work of your Legislative Committee, headed by Dr. Hubert B. Haywood, who was ably assisted by Dr. Donnell Cobb and Dr. Geo. L. Carrington, did a magnificent job. By the able, yes, very able, assistance of our most valued Senate Member, Dr. T. W. M. Long, they were able to write on the Statute Books of North Carolina three very valuable pieces of legislation. First, the Diphtheria Immunization Bill, which requires that all infants between the ages of six and twelve months shall have administered to them a diphtheria immunization product approved by the United States Public Health Service. Those children between one and six years who have not had such immunization given them are required to do so before they can be admitted to the Public Schools of North Carolina. Such certificate is required for admission to schools in North Carolina in September 1939. The law as written, carries an amendment which exempts the religious objectors. Dr. Long accepted this amendment only when he saw that to hold out for the bill as originally written would mean the defeat of the entire bill. It was decided that the part of wisdom would be to accept the amendment for the present and work later for its elimination. We are proud to advise you that North Carolina is the first State in the Union to enact a compulsory Diphtheria Immunization Law. Your president, with others, appeared before both the Senate and House Health Committees and lent his feeble efforts to the passage of these bills.

As soon as the results of the primaries were known last summer, as your president, I wrote each Senator and Representative and advised them that a bill to have all children immunized against Diphtheria would be presented to the 1939 Legislature and asked them for their coöperation and support, after giving them some facts about North Carolina's morbidity and mortality rate from Diphtheria.

There are now 16 States which require pre-marital blood tests. We are pleased to be counted among these progressive states. Those states previously requiring the blood test were: Connecticut, Illinois, Ken-

tucky, Michigan, New Hampshire, New Jersey, New York, Oregon, Rhode Island, and Wisconsin. Six states including North Carolina, North Dakota, South Dakota, West Virginia, and Colorado approved pre-marital blood tests laws in current legislative sessions, bringing the total of the States with such measures to 16. Pre-marital blood test bills are still pending in Alabama, California, Iowa, Maine, Massachusetts, Missouri, Ohio, Oklahoma, and Texas.

The Marriage License Law and that requiring a Wassermann Test for pregnant women had many ups and down before coming through successfully. I especially wish to give credit to our State Board of Health, headed by Dr. Carl V. Reynolds, for sponsoring all the medical bills. Dr. A. S. Root, of Raleigh, was very active in support of the Diphtheria Bill. We cannot neglect to mention the very great assistance rendered in our diphtheria campaign by the Parent-Teacher Association which had this as one of its major objectives for the year. Also, we want to thank the Federation of Woman's Clubs, the Auxiliary to our organization, and other civic organizations for their support. Their influence was of great weight with the legislature.

Our efficient and able Senator, Dr. T. W. M. Long, engineered these bills through the Senate. Honorable E. H. Bellamy, of New Hanover and Dr. Long were co-authors of the Marriage Bill. Passing the Senate was not so hard a hurdle as the House. In the House we were badly in need of a physician member to lead our fight, however, we were very fortunate in having our cause sponsored by such outstanding leaders as the Honorable Victor Bryant of Durham, Honorable F. E. Wallace of Kinston, and Honorable O. M. Mull of Shelby. But for their support and leadership these bills would not have been passed.

No more progressive health legislation has been written than these three bills. Through these efforts we can see our way clear to minimizing the incidence of Diphtheria and Syphilis in North Carolina.

The Automobile Hospital Insurance Law was defeated as was the Sanitary Privy Laws for Country Schools. These were equally needed legislations and important health measures which we expect to try to have enacted two years hence.

Here, I wish most earnestly to appeal to all the doctors of North Carolina to get behind these three laws and see that the maximum amount of good comes from them. If the doctors of our State do not support these measures, the work that has been done to get them written into law will avail naught.

Last year, in New York City with a population of over 7,000,000 people there were 27 deaths from Diphtheria. In North Carolina with a population of 3,500,000 there were 188 deaths. Our deaths should be fewer than those of New York City.

May I ask as one of the major objectives of this administration that the doctors of the State of North Carolina unite solidly behind these

laws and see to it that the greatest amount of good comes from these efforts?

Medical Journal

In his report to the House of Delegates last year, Dr. Wingate Johnson recommended that a committee be appointed to study and report the advisability of establishing a State-owned Medical Journal. This committee will report to this body. The House of Delegates instructed Dr. Johnson and me to appoint this committee. This we did. This committee, headed by Dr. P. P. McCain, met in Raleigh, March 12, 1939. They made an extensive study of this proposal and will recommend that the State establish a Medical Journal to be owned and controlled by the State Medical Society. I hope the House of Delegates will see fit to endorse their recommendations and that you will authorize the appointment of an editorial board of seven members who will control the policies of the Journal. It has been suggested that one each from the three medical schools and four from the profession at large would provide a working basis.

In my visits over the State this year I have gathered the impression that the doctors are more or less unanimous in their desire for a State-owned Medical Journal. The only question that has arisen at any time was "Who is to be the editor?" I am sure that an editorial board, to be selected by this body, will work out a plan that will be satisfactory to all.

Postgraduate Medical Courses

The Committee on Postgraduate Medical Courses in conjunction with the University of North Carolina has done another excellent job. The Postgraduate Medical Courses given all over North Carolina this year were better attended and more enthusiastically received than in any previous year. Postgraduate courses were given by the university of North Carolina Extension Division and the School of Medicine in five centers, and five clinics in obstetrics and pediatrics were held in cooperation with the State Board of Health.

These courses were held at the following centers:

Greenville with 55 doctors enrolled; Wilmington with 40 doctors enrolled; Durham with 61 doctors enrolled; Charlotte with 166 doctors enrolled.

Greensboro, High Point and Winston-Salem, with 2 meetings in each place with an enrollment of 65.

The total enrollment in the five centers was 387 physicians and an attendance of about 500 for the entire series including all visitors.

The lectures on obstetrics were given by Dr. Robert Seibels, Chairman of the Committee on Maternal Welfare of the South Carolina Medical Association, Columbia.

The lectures on Pediatrics were given by Dr. H. R. Casparis, professor of Pediatrics, Vanderbilt University, Nashville, Tennessee. These

lectures were given at Windsor, Goldsboro, Greensboro, Charlotte, and Asheville, with a total attendance of about 275.

If the finances of our treasury will warrant it, I know of no better way to return to the doctors of the State value received for the money spent than participation in these Postgraduate Medical Courses.

I regret very much that our Society did not make a financial contribution to this cause this year. The Executive Committee in session did not feel that they had the right to authorize this expenditure of funds. They felt that the request should come before the finance committee for this action, or before the House of Delegates. I should like to see such action taken by the proper authority this year.

District and County Medical Societies Visited

During the past year a special effort has been made to see that every District and County Society be visited by your officers or their proxies. It has been my good fortune to visit each District once, except the 7th and 8th Districts, where we were ably represented at my request by Dr. John Q. Myers of Charlotte. These two meetings were held when I was out of the State. The Third, Fourth, and Fifth Districts I visited twice during the year. With the able assistance of Dr. T. W. M. Long, Dr. F. Webb Griffith, and Dr. John Q. Myers we visited every District Society and many county societies in the State during the fall of 1938. We presented the subject of Socialized Medicine in preparation for the Wagner Bill which was presented at this session of Congress. We felt that the profession should become familiar with as many phases of this subject as possible because of its vital importance to each one of us.

Your President and Secretary-Treasurer met at Morehead in July 1938 with your retiring Board of Medical Examiners at which time the idea was born to appoint a committee from the State to study Socialized Medicine. The retiring board of Medical Examiners was appointed on this Committee with Dr. F. Webb Griffith as chairman. This committee has worked hard and its chairman, Dr. Griffith, has made many talks before lay and professional audiences presenting the subject most ably. To him and his committee I wish to extend the thanks of the Society.

The Hospital Saving Association headed by Dr. Manning, is in excellent condition. The Hospital Saving Association was organized in 1935 under the joint sponsorship of the Medical Society of the State of North Carolina and the North Carolina Hospital Association. Formal business began in September 1935. The first member was enrolled in January 1936. The net number of members at the end of April 1939 was 92,032. At the end of March 1939, of this number 11,428 had been hospitalized. As of the same date the Association had paid out to hospitals for these 11,428 members a total of $446,576.40. To quote Mr. Grissette, "At the present rate of growth, it is estimated that the

Association will pay North Carolina Hospitals approximately $400,000 during the year 1939." All of us realize the magnificent work that is being done by the Hospital Savings Association. Our Society has a right to feel proud of its accomplishments. The physicians of the State as well as the Hospitals of North Carolina are being greatly helped financially.

Eye, Ear, Nose and Throat Section

Early in January Dr. Kearns of Durham wrote me that he would not be able, on account of illness, to act as chairman of the Eye, Ear, Nose and Throat Section and in this letter told me that Dr. Bailey of Rocky Mount, the Secretary of the section, would not attend this meeting. I immediately communicated with Dr. Bailey and through his co-operation secured the services of Dr. Vance P. Peery of Kinston as chairman of this section and Dr. W. M. B. Brown of Greenville as secretary. I wish here and now to thank Dr. Bailey, Dr. Peery, and Dr. Brown for their efforts in making the present Eye, Ear, Nose and Throat program the success that it will be. Although the time in which they had to work was short they worked with efficiency and speed.

Recommendations

In conclusion may I make the following recommendations:

1. That we endorse the ruling of our State Board of Medical Examiners that for a physician to be licensed to practice medicine in this state he or she shall be a citizen or naturalized citizen of the United States.

2. That the Secretary-Treasurer of the State Society be authorized to eliminate unnecessary discussion from the Transactions. It costs the Society about $3,500 yearly to publish the Transactions and much could be saved the Society in this way.

3. That the State Society further encourage Postgraduate Medical Courses by contributing a reasonable amount yearly to the University Postgraduate Medical Education courses—the amount to supplement other funds to make possible the continuation of these courses.

4. That the profession as a whole strongly support the three Medical Legislative Bills recently enacted—the Diphtheria Immunization Bill, the Marriage Bill, and the bill requiring a Wassermann test for pregnant women. The first marriage bill was repealed because it was said that the doctors did not take the law seriously.

5. Due to the fact that our State is over 500 miles long and since the selection of our President comes from the East one year and the West the next, I would recommend that the duties of visiting District and County societies be divided yearly between the President-Elect and the President. This would allow the County and District Societies more frequent official visits. It would tend to encourage harmony and efficiency, and not impose too great hardship on any one man in any year.

6. That a committee be appointed to study and make recommendations for the advancement of mental hygiene in the State.

7. That we establish a state-owned and supported Medical Journal with an editorial board of seven members, one each from the three medical schools, and four from the Society at large, all of which shall be members of the State Medical Society.

8. That the Committee appointed to study Socialized Medicine be continued and that the thanks of the Society be expressed to them for their splendid work.

President Sidbury: The Secretary's report is next.

Secretary-Treasurer Long: Gentlemen of the House of Delegates: You will have to take with a grain of salt what our distinguished President said with regard to my feeble efforts on legislation. The success of this legislative program was not due to me but to the wise counsel and able leadership of our great President.

At this time, I wish to pay particular credit to three committees of the Society. All of the committees have functioned to the fullest extent, but to Dr. Griffith's Committee on Socialized Medicine, Dr. McCain's Committee on the

Journal, and Dr. Haywood's Committee on Legislation, I wish to pay particular tribute at this time.

To go into the activities of the Society for the past year would be entirely out of place here after the splendid report of Dr. Sidbury, so my report will be very brief.

Attached hereto is the report of our auditors, which shows that the financial condition of the Society is sound and that we have lived within our budget.

The record shows that on December 31 there were 7 Honorary Members, 277 Honorary Fellows, and 1,431 Active Fellows, making a total membership of 1,715.

The reports of your several committees outline the various activities of the Society for the past year and it would be repetition for me to enumerate them here.

During the past year I have attended most of the District and a part of the County Meetings and have contacted a majority of our members and it is a happy privilege to report the fine spirit of fellowship existing throughout the entire State.

President Sidbury: We will now have a recess for ten or fifteen minutes for the delegates to get together to select the members of the Nominating Committee. As soon as you have come to any conclusions report to Dr. Long. Please do it in ten minutes if you can.

A brief recess was taken.

President Sidbury: Will the meeting please come to order?

Dr. H. D. Walker: I move that the President's address be referred to a committee to report at some time during the meeting.

President Sidbury: It has been moved that my address to the House of Delegates be referred to a committee, to report to the House of Delegates at a later meeting. Is there a second to this motion?

The motion was duly seconded.

President Sidbury: It is moved and seconded that the President's report to the House of Delegates be referred to a committee. Is there any discussion? If not, all in favor of this let it be known by saying "Aye"; opposed, "No." The motion is carried.

Dr. Long will appoint the committee on the President's address to the House of Delegates.

Secretary-Treasurer Long: The committee to report on the President's address will consist of Dr. H. D. Walker, chairman, Dr. C. F. Strosnider, and Dr. P. P. McCain.

The Nominating Committee consists of the following:

First District, Dr. T. L. Carter; Second District, Dr. T. L. Lee; Third District, Dr. J. F. Robertson; Fourth District, Dr. George W. Mitchell; Fifth District, Dr. Seavy Highsmith; Sixth District, Dr. B. W. Fassett; Seventh District, Dr. J. A. Elliott; Eighth District, Dr. J. K. Pepper; Ninth District, Dr. R. S. McElwee; Tenth District, Dr. G. W. Murphy.

Dr. Carter will take this committee on its way and report at the proper time. Will you act as chairman of this committee, Dr. Carter?

Mr. President, next is the reading of the report of the Executive Committee.

There is nothing in this report that has not been set out largely in the President's address. For that reason, and in the interests of brevity, I suggest to the House of Delegates that they follow the custom of the past and have it printed. That is up to you all.

Dr. J. W. Vernon: I move that the report of the Executive Committee be accepted.

The motion was duly seconded.

President Sidbury: All in favor of this motion say "Aye"; all opposed, "No." The motion is carried.

MINUTES EXECUTIVE COMMITTEE MEDICAL SOCIETY OF THE STATE OF NORTH CAROLINA

Sir Walter Hotel, Raleigh
August 26, 1938

The meeting of the Executive Committee held at the Sir Walter Hotel, Raleigh, Friday, August 26, 1938, was called to order by President Sidbury at 7:20 p.m. The following were present:

President.....J. Buren Sidbury, Wilmington
First Vice President.....Claude B. Williams, Elizabeth City
Secretary-Treasurer.....T. W. M. Long, Roanoke Rapids

COUNCILORS

First District.....H. D. Walker, Elizabeth City
Second District.....Paul F. Whitaker, Kinston
Third District.....W. Houston Moore, Wilmington
Fourth District.....G. W. Mitchell, Wilson
Fifth District.....W. D. James, Hamlet
Sixth District.....George L. Carrington, Burlington
Seventh District.....B. H. Kendall, Shelby
Eighth District.....R. C. Mitchell, Mount Airy
Ninth District.....J. R. Terry, Lexington
Tenth District.....Julian A. Moore, Asheville

Dr. H. W. Smith of Goldsboro appeared and presented the following petition:

"That the Executive Committee request and authorize the President of the State Medical Society to appoint a committee to study the general question of, the advisability, and the feasibility of, and to present a plan of insurance against medical care for the people of North Carolina."

After discussion of the petition the following motion made by Dr.

G. W. Mitchell, Wilson, and seconded by Dr. George L. Carrington, Burlington, was unanimously passed.

"That the President appoint a committee to work out an insurance program for medical care for wage earners and their families, this program to be worked out along lines similar to the Hospital Savings Association and it is further directed that this committee study in conjunction with Federal, State, and Local Governments the problem of the care of the indigent sick in North Carolina."

The President subsequently appointed the following Committee:

Dr. F. Webb Griffith, Chairman, Asheville; Dr. Hamilton W. McKay, Charlotte; Dr. Ben J. Lawrence, Raleigh; Dr. Ben F. Royal, Morehead City; Dr. Wm. H. Smith, Goldsboro; Dr. James W. Vernon, Morganton; Dr. Roscoe D. McMillan, Red Springs.

Dr. Long then presented a request from the Postgraduate Medical Study Committee for an appropriation of $500.00 to be used in putting on Postgraduate courses in those sections of the State where there are not enough doctors to take care of the entire expense of such a course. After discussion the request was not granted.

The film, "The Birth of a Baby," which was produced by Mead Johnson and Company in conjunction with the Division of Maternal Welfare of the A.M.A., was put on by Special Pictures Corporation of New York. After seeing the picture Dr. George L. Carrington, Burlington, moved that the Medical Society endorse the picture for showing to the lay public in North Carolina. The motion was seconded by Dr. Houston Moore, Wilmington, and was unanimously carried.

Dr. Long presented a request from the Cancer Committee for $156.88 to complete the payment of expenses incurred in holding the Cancer Symposium at Wake Forest. Dr. Julian Moore, Asheville, moved that this amount be given the Cancer Committee. The motion was seconded by Dr. G. W. Mitchell, Wilson, and was unanimously passed.

Dr. Julian Moore presented the following resolutions from the Buncombe County Medical Society:

"A Committee of seven having been appointed by the Buncombe County Medical Society to consider the question of State Medicine has accumulated considerable material bearing on the subject. It has given the matter much thought and has reported to the Buncombe County Medical Society from time to time. Knowing that the President of the Medical Society of the State of North Carolina has called a meeting of the Executive Committee to consider the matter of State medicine, the committee, through the agency of our councilor, Dr. Julian A. Moore, begs to submit to the Executive Committee the following observations and plan of procedure. This is done to serve as a basis for discussion and with the hope that the Executive Committee will at least give it careful consideration.

I. Having discussed the matter of State Medicine with many doctors we find that the membership of the Medical Society of the State of North

Carolina is very poorly informed on this subject. We feel that the first step in any program must of necessity be education of our own members. We suggest that steps be taken to collect the pertinent facts in a bulletin to be distributed to every member of the State Society. We further suggest that the councilor in each district be instructed to inform himself on the matter and to meet with each county society in his district as soon as possible for a frank discussion.

II. Having discussed the matter with many intelligent laymen, we believe that the public is inclined to favor some form of State Medicine but that this is due to a lack of appreciation of those things involved, and that intelligent laymen once having had the matter explained are almost invariably inclined to oppose it. For this reason, we believe that suitable articles for newspaper publication should be prepared by the means of hired assistance if necessary and that these articles be placed in the hands of each councilor who shall be instructed to make every effort to have them published in the influential newspapers in his district. We further suggest that each councilor be instructed to arrange to have speakers present the matter of State Medicine before civic clubs, ministerial associations, women's clubs, and parent-teacher associations whenever and as rapidly as possible.

III. While we do not know just what form it will take, we believe that a bill will be introduced in the next Congress which will be prejudicial to the interest of both the public at large and the medical profession. We feel that plans should be made at this time to influence our representatives in Congress if and when such a bill is introduced. In order to do this, we suggest that steps be taken to secure the promise of every member of the Medical Society of the State of North Carolina to wire our two senators and the representatives from his district when the word shall be given by the secretary of the State Society. In addition, that each member of the society shall discuss the matter with his lay friends and be prepared to have at least ten laymen wire their Congressional representatives.

IV. We believe that steps should be taken to ascertain any plan of action to be promulgated by the American Medical Association and that the State Society should not do anything to hamper such a program nor fail to do anything which might serve to aid it.

Summary: We believe that the Medical Society of the State of North Carolina can do a great deal toward influencing our representatives in Congress and that it can best be done by educating and inspiring our own membership, by informing the public and by an organized scheme of contacting our congressional representatives.

As a supplement to our report on State Medicine to the Executive Committee of the Medical Society, we direct your attention to the leaflet entitled "Family Doctor or Federal Agent." These leaflets may be secured from Medical Economics at a price of fifty for twenty cents or one thousand for $3.50. We suggest the advisability of North Carolina physicians securing these leaflets in sufficient quantities to make them available

to patients in their reception rooms and perhaps enclosing them when statements are mailed out.

No official action has been taken by the Buncombe County Medical Society but this committee has reason to believe that some insurance plan to furnish medical care by the Medical Society of the State of North Carolina perhaps in connection with the Hospital Savings Association would be looked upon with a great deal more favor than at any previous time. We feel this to be true since the physicians of our community are much frightened at the prospect of State Medicine and would perhaps choose a professional insurance plan as a possible means of combating state control.

These are offered as suggestions for your consideration and not as recommendations."

Dr. Carrington moved that the report be referred to the Committee to Study the Problem of State Medicine, which the President was authorized to appoint. Dr. Houston Moore seconded the motion and it was unanimously passed.

Dr. Long read the following resolutions from the American Medical Association.

WHEREAS, The license to practice medicine and surgery in many countries is limited strictly to citizens of these countries; and

WHEREAS, In addition to holding full citizenship, each applicant is required in several of these countries to show that his medical education was pursued and completed in said countries; and

WHEREAS, Many foreign graduates in medicine and surgery in increasing numbers are seeking admittance to the practice of medicine in these United States; and

WHEREAS, In order to convey adequately to these applicants a full and satisfactory knowledge of the American conception of patriotism and of ethical ideals in medicine, it is necessary that a period of residence be required; therefore be it

Resolved, That in addition to the requirements for foreign graduates, as outlined in a resolution adopted by the House of Delegates of the American Medical Association in 1936, it is highly desirable that an additional requirement of full citizenship in the United States of America be demanded; and be it further

Resolved, That the House of Delegates of the American Medical Association approve the foregoing and that a copy be sent to the properly constituted officers of each examining board of the United States and to the Federation of State Medical Boards, with the request that they consider seriously urgent need for the adoption of such rules and/or legislation necessary to put the purposes of these resolutions into effect.

Dr. George Mitchell, Wilson, moved that the letter be forwarded to the Board of Medical Examiners, expressing the wish of the Executive Committee that the Board follow out the spirit of the resolutions. Motion

was seconded by Dr. Paul F. Whitaker, Kinston, and was unanimously carried.

Dr. Long read a letter from Dr. Carl M. Peterson, Secretary of the Council on Industrial Health of the American Medical Association requesting the appointment of an Industrial Committee from the State Society; Whereupon Dr. George Mitchell, Wilson, moved that a committee on Industrial Health be appointed to work in coöperation with the A.M.A. Committee. The motion was unanimously passed. The president subsequently appointed the following committee:

H. F. Easom, M.D., Chairman, Raleigh; M. T. Plyler, M.D., Nashville; G. W. Murphy, M.D., Asheville.

Dr. Long reported that the Cash balance in Society's checking account was $8,126.90 with an additional Certificate of Deposit for $5,000.00. He also reported 283 Honorary Fellows and 1,348 active members, making a total of 1,631 members.

Dr. Long reported that a few doctors were asking that a pre-convention meeting be held the day before sailing to Bermuda in 1939 in order that those members with unbroken attendance records might come and register and get credit for their attendance.

After discussions by Doctors George Mitchell, Whitaker, Julian Moore, Carrington, Houston Moore, and R. C. Mitchell, it was moved by Dr. Williams that only one meeting be held and that meeting be on board the ship. The motion was seconded by Dr. Julian Moore and unanimously carried.

Dr. Whitaker moved that the Secretary advise those men who wish to get credit for attending the 1939 meeting that they may register by letter or have some friend register for them, if they cannot go on the Cruise to Bermuda. Dr. George Mitchell seconded the motion.

Dr. Kendall offered an amendment to the motion that those who attend the Public Health Association also be given credit for attendance. The amendment was accepted and the amended motion was unanimously passed.

Dr. Long suggested that a councilor for the Fifth District would have to be appointed to succeed Dr. James, who has been elected a member of the Board of Medical Examiners. Dr. J. G. Pate of Gibson was unanimously elected.

Dr. George Mitchell moved that the Executive Committee recommend to the Board of Health that where a clinic uses specimen containers for the benefit of the public health that they be furnished free to that clinic. Motion seconded by Dr. Williams and unanimously carried.

There being no further business the meeting adjourned.

The next committee report is the Advisory Committee to Industrial Commission. Does this committee have a report at this time, or does it wish to make any recommendations? (No response.) If not, if they will hand in their report we will treat it as we have the Executive Committee's report, if there are no objections.

Advisory Committee on Maternity and Infancy for the Children's Bureau — is there anyone here to give a report for this committee? (No response.)

Advisory to Woman's Auxiliary, Dr. Caviness.

Dr. Verne S. Caviness (Wake County): Mr. President, Gentlemen: The ladies have not needed any advice this year. They have not asked for any, so your committee has not given any advice to them.

President Sidbury: That is a good report.

Cancer Committee, Dr. Lee!

Dr. Thomas L. Lee (Lenoir County): Your Cancer Committee has held three meetings during the year, and discussed ways and means of cancer education. The two main thoughts of the Committee have been how best could postgraduate study of the disease be obtained and how to reach the public with the proper knowledge of cancer symptoms. They reached the conclusion that both are very vital and necessary.

The first meeting of the committee was with members of the Extension Division of the University of North Carolina, the Board of Health, and the Postgraduate Committee of the Society held in Raleigh, North Carolina, July 5, 1938. It was agreed at this meeting by all concerned that whereas the University of North Carolina Extension Division was holding postgraduate courses in a number of cities in the State, it would be wise to have one speaker on cancer in each series of lectures. Something went wrong with this plan, we never knew exactly what happened, anyway not a single speaker on cancer was placed on their programs.

The other two meetings were held at Goldsboro, North Carolina. At one of these, matters of the Women's Field Army of The American Society for the Control of Cancer and its activities were scrutinized. Plans were formulated to aid this lay group of workers. Mrs. D. S. Coltrane of Raleigh is State Commander this year and with her associates has done a splendid service in lay education. The army this year has not assumed the role of alarmist but has cooperated with the profession. Their manner of approach has been very sane and ethical. The Committee and a large number of physicians have been called upon to discuss cancer before lay gatherings. Their work carried out under the supervision of the medical profession in the various localities has been very satisfactory and effective.

At the second one of these meetings plans and recommendations were studied and outlined. We, the Committee, would like to bring these recommendations to your attention for serious consideration.

First: We think there should be some definite connection made with the State Board of Health relative to cancer education and control. Agreeing with you, that the function of the State Health Department is educational, it seems to us that cancer education should be included in its activities. Cancer, as you know, stands second in the causes of death in our state and nation. We have seen deaths from tuberculosis reduced per capita each year by education. We will see the instance of syphilis reduced from year to year and believe the same can be accomplished with cancer. Therefore, we urgently recommend that this matter be studied and if possible a department created in the Health Department to carry cancer education to every county in the state. We think it should be taught to high school students as well as adults. Why not give them the same knowledge of cancer as we do of tuberculosis and syphilis?

Second: We feel that the Committee should have the privilege of the radio for lay education. It is one of the greatest instruments for general education

at our command today. We realize, however, the danger of promiscuous broadcasting and would therefore recommend careful censorship and control of this method by a committee of level-headed ethical physicians. Other states allow their committee to broadcast censored programs and feel that they are very helpful so we feel that your committee should have the same privilege. We ask you to earnestly consider this request.

Third: The committee thinks it would be wise to sponsor some postgraduate work on cancer in the state and that this be distributed in several centers in the state, believing this would be better than attempting one big clinic at any one location. The committee has assurance from physicians in Wake Forest, Winston-Salem, Asheville, and Charlotte that such a meeting would be sponsored in these cities. We are not asking for extra funds for these meetings but believe they can be arranged from the regular allowance of the committee. We feel certain if an authority on cancer could be obtained to speak in the above mentioned locations, and maybe others, a greater cross-section of the profession could be reached.

We as a committee appreciate the honor of having so great a trust placed in us and hope this trust has not been betrayed. We sincerely hope, all working together, we may devise some plan that will check the ravages of this public enemy number two of the human race.

President Sidbury: Commercializing Drugs Committee — is there anyone here to report for that committee? (No response.)

The Chairman of the Committee to Coöperate with the N. C. Public Health Association and the N. C. Pharmaceutical Association for suppression of traffic in dangerous drugs reports:

1. The presidents of the two organizations with which we were to act were written;

2. The president of the N. C. Public Health Association replied vaguely and said he would write again after conferring with certain persons. The only other news from, or of, this Association was conveyed by a newspaper report of the resignation of the president;

3. The president of the N. C. Pharmaceutical Association could not be induced to reply.

Recommendation:

That a committee be appointed from the Medical Society of the State of North Carolina to act on its own in this matter.

Jas. M. Northington, *Chairman.*

Finance Committee, Dr. Peery!

Dr. Vance Peery (Lenoir County):

FINANCE COMMITTEE

Your Finance Committee submits herewith the auditor's report of George R. Poole, Certified Public Accountant, which reflects a healthy financial condition of the Society's business affairs. A suggested budget for the coming year is attached hereto.

We recommend that the appropriation of one thousand dollars for the Legislative Committee remain as of last year. Although this is not a legislative year, there is always the possibility of a special session; recent experience before the House and Senate convinces your Chairman of the

vital need of adequate representation while these bodies are in session. In case there is no special session, it is recommended that the unexpended balance be maintained as a nucleus for the use of the Legislative Committee only.

We feel that your Secretary-Treasurer, Dr. Long, should be commended for his successful efforts in collecting dues which were in arrears.

We recommend that the dues remain the same as last year, eight dollars, even though this is far below the usual dues of similar professional organizations. Your committee considers that the collective and individual interest of the members of this Society are of such importance and magnitude that they must be intelligently protected and furthered by every coöperative and concerted effort possible. We believe that a definite and clear-cut plan toward that end is absolutely vital at this time. We, therefore, recommend that the balance, $8,116.74 remaining in the treasury, be not only maintained as such, but augmented as rapidly as possible to provide us with the financial means of holding our present position and obtaining our future objectives.

Itemized accounts of collections and disbursements appear each year in the transactions of the Society and the Auditor's report. Careful study of these figures by the members of the Society may lead to constructive suggestion, invaluable to your future Finance Committee and those in charge of the administration of the affairs of the Society.

PROPOSED BUDGET OF THE MEDICAL SOCIETY OF THE STATE OF NORTH CAROLINA
JANUARY 1, 1939, TO DECEMBER 31, 1939

Stationery of all officers except Secretary	$ 100.00
Councillors:	
Travel	250.00
Legislative Committee	1,000.00
Executive Committee	650.00
Other Committees	600.00
President's office, Travel expense	400.00
Secretary's office:	
Salary	1,200.00
Clerical Assistance	1,200.00
Stationery	100.00
Rent	300.00
Travel	600.00
Auditing	50.00
Miscellaneous and Emergency	900.00
Expense of State Meeting	500.00
A.M.A. Delegates	200.00
Expense of Guest Speakers	100.00
Transactions:	
Reporting and Preparation of Copy	600.00
Printing and Binding	3,500.00
	$12,250.00

Expected Income @ $8.00 per member, 1,500 members	$12,000.00
Proposed Budget for 1939	$12,250.00
Expected Income @ $8.00 per member	12,000.00
	$ 250.00
Bank Balance as of December 31, 1938	8,116.74
Expected Balance @ $8.00 membership	$ 7,866.74

Total	$8,116.74	

PRESIDENT SIDBURY: What shall we do with the Finance Committee's report?

It was moved and seconded that the report of the Finance Committee be accepted.

PRESIDENT SIDBURY: It is moved and seconded that we accept the Finance Committee's report. Is there any discussion? All in favor say "Aye"; opposed, "No." It is carried.

The Hospitals Committee — is there anyone here to report for the Hospitals Committee? (No response.)

Industrial Health Committee.

Legislative Committee — I think Dr. Haywood is not here. However, I think the Society has been fairly well informed as to the activities of this committee.

SECRETARY-TREASURER LONG: Dr. Haywood has submitted a report which is contained — every bit of it — in the President's address, and I likewise recommend to you gentlemen that you have it printed. If you want it read, I will be glad to get it out and do so.

PRESIDENT SIDBURY: If there is no objection, I will instruct Dr. Long to print the Legislative Committee's report as suggested by him.

REPORTS OF LEGISLATIVE COMMITTEE

1. Senate Bill 119 requiring diphtheria immunization of children between the ages of six months and twelve months, etc.

This bill was introduced early in the session by Senator Long and was the first bill considered by the Senate Committee on Public Health. A hearing was held before this committee, at which time the bill was actively supported by Dr. Long, representatives of the North Carolina Medical Society, pediatricians, representatives of the State Board of Health, representatives of the Parent-Teacher Association, and representatives of other groups whom we learned were interested in the passage of the bill. The passage of the bill was opposed before the committee by representatives of the Christian Scientists. Following the hearing, it appeared certain to Dr. Long that the bill would receive an unfavorable report from the committee unless it was amended to exempt bona fide members of a religious organization whose doctrines prohibited the practices provided for in the bill. The bill was accordingly amended to this effect in the committee, and the committee gave the bill a favorable report as amended.

When the bill came up for consideration by the Senate, Dr. Long presented a full and very able explanation and argument in favor of its passage and opposing the adoptiton of the committee's amendment. The amendment was first adopted, and the bill was thereafter passed as amended.

When the bill reached the House of Representatives, a hearing was held before the House Committee on Public Health attended by representatives of the State Board of Health and representatives of various civic groups, following which the committee unanimously recommended the passage of the bill as amended. It was, of course, useless to attempt to secure the enactment of the bill in the House without the amendment adopted by the Senate. Some time after the bill was reported favorably by the Committee of the House, the bill came before the House for consideration. At that time, the bill was actively supported by various members of the Committee on Public Health who

had become personally interested in the measure, and, over some unexpected opposition on the floor, the bill was passed as amended and later ratified and enrolled.

2. Senate Bill No. 120 requiring serological tests for prospective mothers, and

3. Senate Bill No. 121 requiring physical examination before issuance of licenses to marry.

As was expected, there was much opposition before the Senate Committee to the passage of the last mentioned bill, being the bill to require physical examination before issuance of license to marry. There was no announced opposition to Senate Bill 119. However, these two latter bills were not considered by the Senate Committee on Public Health until the immunization bill had been passed in the House. After full hearing of these two bills before the Senate Committee on Public Health, at which time an able presentation in support of the measures was made by Dr. Long, Dr. Reynolds, and representatives of various interested civic groups, the committee recommended passage of Senate Bill 120 and of Senate Bill 121 as amended, notably among which amendments was the provision that any residents of North Carolina who were married in another state which did not require the examination provided for should within sixty days after their return to the state file a certificate with the register of deeds to the effect that they had taken the examination required by the act. After considerable opposition in the committee, the committee gave the bill a favorable report. Under the leadership of Dr. Long, both of these bills were passed by the Senate as amended. However, these bills were first considered by the Senate on several different occasions before they were passed.

Senate Bill 120 reached the House of Representatives in time to be referred to the Committee on Public Welfare, but, due to the rush of legislative activities, a hearing was not obtained before this committee upon this bill until the last week of the session. Before this hearing, several unsuccessful attempts were made in the House to have the bill referred to the Committe on Public Health which had previously considered the immunization bill.

In the meantime, the marriage examination bill had reached the House after the appointment of the House Calendar Committee and the discharge of the other regular committees. Before a hearing could be obtained upon this bill before the Calendar Committee, the committee reported the bill unfavorably. Thereafter, after several attempts, the bill was taken from the unfavorable calendar and re-referred to the Committee on Public Welfare. After a hearing before this committee on Senate Bills 120 and 121, these two bills were favorably reported by the committee and were finally passed by the House after able arguments in favor of the bills by a number of the leaders of the House.

4. House Bill No. 63 amending Section Three of Chapter One Hundred Twenty-one, Public Laws of 1935, relative to liens on recoveries in civil actions in favor of sums due for medical attention and/or hospitalization.

This bill was referred to Committee on Judiciary No. 1. It purported to amend the law referred to to require that all claims or liens provided for in the act should be either established upon the trial of the cause and included in the judgment or the medical bills should be itemized and filed with the Clerk of Superior Court within thirty days after the docketing of a judgment in the case involved. The committee considered this bill objectionable for several reasons. It met opposition in the committee, and the bill died in the committee.

5. Senate Bill No. 88 setting up a uniform procedure for revocation of licenses of members of certain professions by various professional boards and, as originally introduced, would have included the Medical Society in its

provisions, which would have had the effect of repealing the present statute relative to the revocation of licenses of physicians by the Board of Examiners of the North Carolina Medical Society. With the approval of the introducer of the bill, Senator Prince, the bill was amended to exclude from its provisions the Medical Society.

6. Senate Bill No. 336 creating a State Board of Naturopathic Examiners and regulating the practice of naturopathy in North Carolina.

The passage of this bill was opposed before the Senate Committee on Public Health in a full hearing before the committee. The committee reported the bill without prejudice, but the bill was killed on the floor of the Senate upon a motion to table it when it finally came before the Senate for consideration.

President Sidbury: The McBrayer Memorial Committee, Dr. Dixon!

McBRAYER MEMORIAL COMMITTEE

The Committee appointed by the President of this Society together with a similar committee from the North Carolina Tuberculosis Association met in Raleigh, at which time Dr. W. H. Smith of Goldsboro was elected Chairman of the joint committee. After a lengthy discussion a subcommittee was appointed to make definite recommendations. The subcommittee recommended that the following be done:

1. A tablet with suitable inscription be placed at the Sanatorium.

2. That there be established an annual lecture before the Medical Society of the State of North Carolina to be known as the McBrayer Memorial lecture.

The North Carolina Tuberculosois Association paid for having the plaque made and erected and it was unveiled with proper ceremonies on April 19.

Dr. C. H. Cocke of Asheville, North Carolina, will deliver the lecture this year without cost to the Society. For the past several years the Society has had two guest speakers invited by the president. It is the recommendation of the Committee that in the future one of the two be known as the McBrayer Memorial lecturer.

Dr. Dixon: I move the adoption of this report.

President Sidbury: Do I hear a second to Dr. Dixon's motion? Dr. Dixon has moved that we accept his report.

The motion was duly seconded.

President Sidbury: Is there any discussion? All in favor make it known by saying "Aye"; opposed, "No." It is carried.

Medical Society Foundation, Dr. Stevens!

Dr. Martin L. Stevens (Buncombe County): The Committee on Medical Society Foundation reports that it still has no medical foundation on which to report.

President Sidbury: Dr. Stevens' report is that the Medical Foundation Committee still has no money to report.

The Committee on Mental Hygiene — will the chairman or acting chairman report on this committee? (No response.)

Postgraduate Medical Study, Dr. Vernon!

Dr. J. W. Vernon (Burke County):

POSTGRADUATE MEDICAL STUDY

The Committee has encouraged and supported the different phases of the postgraduate work in North Carolina. The three medical schools have each had separate and distinct courses in postgraduate education. Duke Medical School conducted its symposium in the fall and, following the understanding between the Duke Medical School and the Postgraduate Committee of the State Medical Society, has made available opportunities for the physicians of the State to reside in the hospital and receive instruction there. The Wake Forest Medical School, in conjunction with the Cancer Committee of the State Medical Society, has carried on its work along this line. The University of North Carolina, in coöperation with the Extension Division of the University, has conducted six weeks courses in several places of the State. The State Board of Health, through its Department of Maternity and Infancy Welfare, has put on a one-day course in five towns in North Carolina.

At the invitation of the American Medical Association the State Board of Health, with the coöperation of the three medical schools and your Committee on Postgraduate Instruction, arranged an exhibit of the postgraduate work in North Carolina at the American Medical Association meeting in St. Louis. This opportunity was given the State because the American Medical Association considered that North Carolina was doing unusual work in postgraduate instruction. This is a recognition of the work that is being done in North Carolina by the highest body capable of judging, and the profession should be proud of this recognition.

If the efforts of those who are making available the opportunity for postgraduate instruction were not supported by the profession, the work would amount to nothing. Therefore, a large amount of praise and commendation is due the profession in the State for this attitude.

Dr. Vernon: Since this report was written by the chairman, the committee has decided that it would recommend the addition of the deans of the three medical schools to this Postgraduate Committee of the Society. They have been sounded out and have agreed to serve on this committee if this Society should see fit to place them there. As a member of that committee, I would make that recommendation, and so does our committee. I move the adoption of this report.

President Sidbury: Do I hear a second to Dr. Vernon's report?

The motion was duly seconded.

President Sidbury: Is there any discussion? May I ask if, along with this motion, there be carried the recommendation that the three deans be added to that committee, in order to save time?

Dr. C. F. Strosnider (Wayne County): I move the three additional members be added to the committee.

President Sidbury: Do I hear a second to Dr. Strosnider's motion?

The motion was duly seconded.

President Sidbury: Is there any discussion? All in favor of this motion let it be known by saying "Aye"; opposed, No." It is carried.

The Public Relations Committee. (No response.)

Social Security Committee. (No response.)
Socialized Medicine, Dr. Griffith!
Dr. F. Webb Griffith (Buncombe County):

SOCIALIZED MEDICINE

Your committee on socialized medicine was born last summer, so that it is still an infant. To it was assigned three distinct tasks.

(1) To study the question of so-called "socialized medicine," and to keep the profession of the State informed as to its progress and potentiality. That we have tried to do. At each District and at many County medical societies, it has been discussed by one of your committee or by our President or Secretary. Your chairman attended the special meeting of the delegates of the American Medical Association devoted to the discussion of Governmental participation in the practice of medicine. Your committee has kept in touch with our Senators and Representatives in Congress.

(2) Your committee was asked to recommend what should be the attitude of the profession in regard to the care of the indigent. We agree with the American Medical Association and the administration in Washington, that the medical care of the indigent is primarily the duty of the City, County, State, and Federal Government in the order named. We urge that whoever assumes that responsibility, discharge it through the organized medical profession and not through a bureaucracy.

(3) Your committee was asked to study and recommend whether a plan of medical insurance similar to hospital insurance was wise. The Hospital Care and Hospital Savings of this State allow three weeks or more per member, but their records show that the members average only about 1.9 days per person a year. With their members using about 9 per cent of the hospitalization to which they were entitled, both of these organizations have had a stormy time and are now just getting on a firm foundation.

Many similar organizations throughout the country have gone on the rocks. We believe that persons carrying medical insurance would come nearer using 90 per cent of what they are entitled rather than 9 per cent as in hospitalization. That means that if the medical insurance is to be on a firm basis the premiums, certainly at first, would be so high, that it would not appeal to the low-income group for which it is most needed. Also in view of the large number of schemes which have been and are being tried out throughout the country with indifferent success and failures, your committee recommends that for the present, no system of medical insurance be adopted as a State proposition. In those communities where there are industries employing a large number and where the premiums can be deducted at the source, eliminating the cost of collection and a large turn-over, medical insurance could be worked out to the advantage of patient and physician.

Your committee has information which it believes to be reliable, to make us feel that there will be no drastic legislation in Washington at this session of Congress. The threat of war abroad and the mounting deficit in this country act as deterrents to the Administration in its attempt to enter the controversial field of socialized medicine and to add a large amount to the present deficit.

We feel, however, that the threat of socialized medicine is like a smouldering volcano, and that the profession of the State should be kept constantly reminded of the danger. And the profession in turn in every county should enlighten the public through the various civic organizations and by any other legitimate means of the dangers of Governmental control of medicine. There is a prevalent feeling that the medical profession is objecting to Governmental

medicine because of selfish reasons. The public will be shown that while the medical profession will suffer from Federal or State control, yet they, the ultimate consumers of medical service, will suffer far more.

We recommend that the President in his routine visits to the various District and County societies utilize those opportutnities to say a few words on this subject at each visit.

Just as the daily use of your car keeps the battery charged, so the President in the performance of his usual duties can without any extra time, trouble, or expense keep the interest of the profession charged and ready for any unexpected development. Your committee was appointed to meet an emergency, and we have tried to perform the three specific duties assigned to us. As just stated above, we feel that the President is in a better position, with the power of his high office, to carry on the work than we are, and we therefore recommend that the committee on socialized medicine be discontinued.

President Sidbury: What shall we do with this report?

Dr. Strosnider: I move that the report be accepted and that the committee be continued.

The motion was duly seconded.

President Sidbury: It has been moved and seconded that the Committee on Socialized Medicine report be accepted and that the committee be continued. Do I hear any discussion? All in favor of this motion make it known by saying "Aye"; all opposed, "No." Dr. Griffith, your report is accepted and your committee extended.

Committee on Syphilis Control. (No response.)

Committee to Study Four-year Medical School, Dr. Strosnider!

Dr. Strosnider: Mr. President, your committee met with the Commission appointed by the Governor and approved the report as submitted to the Governor. The report of our Commission was lost in the shuffle, until more funds are available. While the Legislature and the Governor are heartily in favor of the four-year medical school beyond the university, funds at the present time are not available for its erection and for its support.

President Sidbury: I take it we accept Dr. Strosnider's report.

Tuberculosis Committee. (No response.)

Report of A.M.A. Delegates, Dr. Stevens.

Dr. Martin L. Stevens: Mr. President, the report of the delegates to the A.M.A. is rather lengthy. Because of the large amount of business before the House of Delegates this evening, it has been turned over to the Secretary in manuscript form, to be read if desired. My advice is that it be left as it is.

President Sidbury: Dr. Stevens suggests that his report be filed. He has turned his report over to Dr. Long. Is there a second to his motion?

The motion was duly seconded.

President Sidbury: Is there any discussion? All in favor make it known by saying "Aye"; opposed, "No."

REPORT OF DELEGATES TO A.M.A.

At every meeting of the House of Delegates of the A.M.A. questions are considered and business is transacted that is of vital interest to the entire medical profession and to each of us as members of that profession. To comment even briefly on all that came up for consideration at the 1938 meetings and the actions taken thereon would require more time than can be allotted for this report. So we will restrict our report to action bearing on the one subject which we consider most important.

Following the passage of the Social Security Act President Roosevelt appointed an Interdepartmental Committee to Coördinate Health and Welfare Activities in order that full benefits of the varied federal program under the provision of the act might reach effectively the various individuals for whose aid and services the program was brought into existence. Miss Josephine Roche was chairman of this board and its other members were four assistant secretaries of government departments—the Treasury, Interior, Agriculture, and Labor—and the chairman of the Social Security Board (No doctor). Miss Roche was invited to attend the meeting of the House of Delegates in San Francisco. In her address to that body she spoke of the work already done by her committee and the various sub-committees set up by it. One of these sub-committees, the Technical Committee on Medical Care, was specially stressed in her address. This commission had made a national health survey. This survey showed that with poverty goes not only a higher rate of sickness but a deficiency of medical care, and she recognized the generosity of the medical profession in contributing skill and services to the destitute year after year and gracefully acknowledged the immensity of the philanthropic load which the members of the medical profession voluntarily assume.

She also reported that this Interdepartmental Committee was calling a National Health Conference to be attended by invited representatives of the interested public and of the medical profession. This conference was expected to bring about a better understanding of national needs in the field of health and medical care and policies were to be formulated to enable the medical profession, private organizations, federal, state and local agencies and individual citizens to coöperate in meeting these needs.

This National Health Conference met in Washington July 18-20. In accordance with instructions of the House of Delegates it was attended by some of the officers of the A.M.A., by representative physicians, and by several presidents and secretaries of state societies. At this conference the Technical Committee presented a National Health program and estimated that the cost of carrying it out would be $850,000,000 a year. No attempt was made to elicit nor was opportunity given for the presentation of alternate programs or for detailed discussion of all or any part of the program.

The representatives of the A.M.A. who were present were unanimous in stating that they had no authority to take action on any part of the program or on the program as a whole, that this was a function of the House of Delegates to which the program would be submitted for consideration.

To consider this program a special meeting of the House of Delegates was convened in Chicago September 16 to 17. At this special meeting every delegate of every state society was present as was also the president and secretary of a number of the state societies.

The Board of Trustees reported the program that had been presented at the National Health Conference. This program contained a series of five specific recommendations.

I. Expansion of Public Health Service.

II. Expansion of Hospital Facilities.

III. Medical Care for the Medically Needy.
IV. General Program for Medical Care.
V. Insurance Against Loss of Wages During Sickness.

Five committees of five members each were then appointed, each committee to study one of the specific recommendations above mentioned and to submit report thereon to the House of Delegates the following morning. These reports showed careful study of the problems presented and gave well considered recommendations. These separate reports were then submitted to a committee composed of one member from each of the original committees, to combine and condense. After this was done it was submitted to the House of Delegates and adopted. As adopted:

1. *Expansion of Public Health Services.* It recommended the establishment of a federal department of health with a secretary who shall be a doctor of medicine and a member of the President's Cabinet.

2. *Expansion of Hospital Facilities.* This expansion was favored where need of it exists but it believed there is at present greater need for the use of existing hospital facilities than for additional hospitals and stressed the use of existing hospital facilities.

3. *Medical Care for the Medically Needy.* It advocated recognition of the principle that complete medical care of the indigent is a responsibility of the community, medical and allied professions and that such care should be organized by local governmental units and supported by tax funds and the role of the federal government should be principally that of giving financial and technical aid to the states in their development of sound programs through procedures largely of their own choice.

4. *General Program of Medical Care.* The principle of hospital service insurance was approved and its extension recommended but it was believed that experience has demonstrated that group hospitalization plans should confine themselves to provision of hospital facilities and should not include any type of medical care. In addition cash indemnity insurance to cover in whole or in part the costs of emergency or prolonged illness was favored. It was not, however, willing to foster any system of compulsory health insurance because convinced that it is a complicated bureaucratic system which has no place in a democratic state as it would set up a far-reaching tax system greatly increasing the cost of government and would lend itself to political control and manipulation.

5. *Insurance Against Loss of Wages During Sickness.* This was unreservedly endorsed as in the interest of good medical care and relieving the attending physician of the duty of certification of illness and recovery.

To facilitate the accomplishment of these objectives a representative committee under the chairmanship of Dr. Irvin Abell, President of the A.M.A., was appointed to confer and consult with the proper federal representatives relative to the proposed National Health Program.

Because of the inspired criticism of the A.M.A., which has appeared in the press from time to time in the past year it is proper for your delegates to remind you that regardless of what others may think the A.M.A. is not an autocracy or a totalitarian organization. You have only to read its constitution and by-laws to see that its set-up is thoroughly democratic. Every one of its 109,000 members through his local society, his state society, and his duly elected delegates, has a voice in every action taken and every policy formed. There can be no autocracy when final decision on all matters rests with the delegates elected by the 48 state societies, and no policies are formed which cannot be reversed.

PRESIDENT SIDBURY: The report of the Board of Medical Examiners. Dr. James!

Dr. W. D. James (Rockingham County) presented his prepared report.

MEDICAL EXAMINERS

The Board of Medical Examiners of the State of North Carolina met in the Sir Walter Hotel in Raleigh, N. C., December 12, 1938, at 9:00 a.m. Seventeen physicians, who were citizens of the United States and graduates of grade "A" schools, were passed upon to receive license to practice medicine and surgery in the State of North Carolina. Their names are as follows:

Name	*Medical College*	*State*
Dr. Walter L. Alspach	Univ. of Buff. Med. Coll.	New York
Dr. Jay Morris Arena	Duke Med. Coll.	West Virginia
Dr. Eugene Anthony Bain	Univ. Va. Med. Coll.	Virginia
Dr. J. Gordon Bentley	Univ. of Louis.	Tennessee
Dr. Robert Carlyle Bunts	Med. Coll. of Va.	Virginia
Dr. Robert M. Caldwell	Univ. of Va. Med. Coll.	Virginia
Dr. William D. Farmer	Duke Med. School	National Board
Dr. Alfred Wilson Hamer	Med. Coll. of S. C.	South Carolina
Dr. Lewis H. Hagna	Univ. of Penna.	Pennsylvania
Dr. Robert A. G. Jones	Med. Coll. of Va.	Virginia
Dr. Esta Joyce Levy Kress	Med. Coll. of Va.	Virginia
Dr. Jacob Himi Kress	Med. Coll. of Va.	Virginia
Dr. Miriam Ruth Marting	Univ. of Cinn. Med. Coll.	Ohio
Dr. Luther Will. Oehlbeck	Univ. of Rochester	Maryland
Dr. Calvin Graham Reid	Penn. Med. Sch.	South Carolina
Dr. Charles Paul Stevick	Duke Univ. Sch. of Med.	National Board
Dr. Thomas Harold Williston	Meharry Medical Coll.	Tennessee

The Board adjourned at 9:30 p.m. to meet again June 19, 1939, in the Sir Walter Hotel, Raleigh, N. C.

PRESIDENT SIDBURY: What shall we do with Dr. James' report?

It was moved and seconded that Dr. James' report be accepted.

PRESIDENT SIDBURY: It has been moved and seconded that Dr. James' report of the Board of Medical Examiners be accepted. Is there any discussion? All in favor make it known by saying "Aye"; opposed, "No." It is carried.

Next are the Councilor's reports. I would suggest that if nothing in particular is to be brought up, we will treat them as the others.

First District!

Second District!

Third District!

Fourth District!

Fifth District!

Sixth District!

Seventh District!

REPORT OF COUNCILOR OF SEVENTH DISTRICT

Mr. President and Members of the House of Delegates:

The annual Seventh District Medical Society meeting was held October 18, 1938, at Charlotte, North Carolina. A most enjoyable and worthwhile scientific program was presented.

Most of the County Medical societies in this district hold regular meetings that are well attended.

The University of North Carolina Postgraduate Clinics and Lectures arranged for this district were given at Charlotte, during January and February 1939. About two hundred members registered and were well pleased with the speakers and subjects presented.

There has been a most agreeable feeling of coöperation and good will among the members of this district. No disagreement or situation has arisen requiring mediation by the councilor.

Respectfully submitted,

BEN H. KENDALL,
Councilor of the Seventh District.

Eighth District!
Ninth District!
Tenth District!

PRESIDENT SIDBURY: The report of the *Medical Journal* Committee, Dr. McCain!

DR. P. P. MCCAIN: The Committee met at the Sir Walter Hotel in Raleigh on the evening of March 12. Members of the Committee present were: Drs. James M. Northington, Roy B. McKnight, C. F. Strosnider, and P. P. McCain. Dr. Ringer sent his regrets that he was unable to be present. President J. B. Sidbury and Secretary T. W. M. Long and Drs. F. Webb Griffith, Carl V Reynolds, James W. Vernon, and George Mitchell, members of the Committee on Socialized Medicine, which met that afternoon, were also present.

Since information obtained from the American Medical Association and various other sources seemed to indicate that it would be possible to publish a very much abridged form of the Transactions and also a monthly Medical Journal at an additional cost of not more than $2 per member, after a lengthy discussion by unanimous approval the Committee decided to make the following recommendations.

1. That we go on record as approving the establishment of a Medical Journal, published by the Medical Society of the State of North Carolina.

2. That the historical and statistical information, the business transactions and the proceedings of the House of Delegates and of the Executive Committee in an abridged form be published in the Transactions.

3. That the editorial policy be left in the hands of the editor and the editorial board.

The committee asks that the report be accepted and that the committee be discharged.

PRESIDENT SIBURY: You have heard the report of Dr. McCain on the *Medical Journal.* What are your wishes in regard to this?

It was moved and seconded that the report be accepted.

President Sidbury: It has been moved and seconded that Dr. McCain's report be accepted. Is there any discussion? If not, all in favor of Dr. McCain's report say "Aye"; all opposed, "No." The report is accepted.

Secretary-Treasurer Long: The next thing I have here is a resolution passed by the Wayne County Medical Society asking that the same be read before the House of Delegates. The resolution is as follows:

"The Wayne County Medical Society endorses the idea that a copy of the action of the delegates be sent to the members of the Society and that the papers presented at the State Medical Society meetings should be published in journals.

"Fraternally yours,

"(Signed) George Benton, Jr., M.D.,
Secretary-Treasurer,
Wayne County Medical Society."

The resolution was passed at the March 1939, meeting of the Wayne County Society.

President Sidbury: Next is new business.

Dr. R. R. Jones: Mr. President, Members of the North Carolina State Medical Society: I would like to propose Dr. Milton J. Rosenau for honorary membership in the North Carolina State Medical Society. Dr. Rosenau was formerly director of the United States Laboratory of Public Health and Hygiene at Washington, D. C., and was later Professor of Preventive Medicine and Public Health at Harvard.

He has had a long and distinguished career. You are familiar with his numerous contributions to the field of bacteriology. At the present time he is director of the School of Public Health and Hygiene of the University of North Carolina.

I would like to make a motion that Dr. Rosenau be given an honorary membership in the Medical Society of the State of North Carolina.

The motion was duly seconded.

President Sidbury: Is there any discussion of this motion? If not, all in favor let it be known by saying "Aye"; opposed, "No." It is carried.

Is there any further new business?

Dr. George Mitchell (Wilson County): Mr. President, I make a motion that the President nominate a committee, consisting of himself as ex officio chairman and five additional members, whose duty it will be to name an editorial board of seven members, four from the doctors at large and one doctor each from the University, Duke, and Wake Forest Medical schools, these members to serve a term of four years and then be staggered for a term of one to four years each. This editorial board is to coöperate with the Executive Committee as an advisory committee, and this committee to report to the next meeting of the House of Delegates.

President Sidbury: You have heard Dr. Mitchell's motion with regard to the editorial board. What shall we do with it?

The motion was duly seconded.

President Sidbury: Is there any discussion? All in favor let it be known by saying "Aye"; opposed, "No." The "ayes" have it.

Dr. Long has a communication.

Secretary-Treasurer Long: Mr. President and Gentlemen of the House of Delegates: This is a letter directed to me from Dr. William Allan, our President-elect, and the next President of the State Society, in which he asks for the passage of a resolution covering a research project that he has in his mind. He wants this resolution passed as coming from the State Society. He says:

"The Carnegie Corporation of New York has given me a grant-in-aid to set up an office and employ a field worker to tackle some of our problems in hereditary disease. They are also giving me the help of a trained geneticist, Paul R. David, Ph.D. Department of Biology, Lafayette College, Easton, Pennsylvania.

"We propose to study:

"1. The hereditary cripples — muscular dystrophy, peroneal atrophy, split hand and feet, etc.

"2. The hereditary blind — retinitis pigmentosa, congenital cataracts, etc.

"3. The hereditary deaf (and dumb).

"4. The hereditary diseases of some sample of the population, such as an entire township.

"In order to keep this from being an individual undertaking, I should like to have the sponsorship of the public health and medical educational authorities and the medical profession of the state. Such sponsorship would enable me to ask for help, both in and outside of the state, from an impersonal standpoint. I should like to place on the office stationery of the Family Record Office an advisory committee composed of the State Health Officer, the Deans of medical schools, the president of the State Medical Society, and Dr. David, the geneticist."

He desires a resolution passed endorsing this proposed research project that he has in his mind.

President Sidbury: Do I hear a motion to endorse Dr. Allan's recommendation?

Dr. Vernon: I move we endorse it.

The motion was duly seconded.

President Sidbury: It has been moved and seconded that we endorse Dr. Allan's recommendation. Is there any discussion? All in favor let it be known by saying "Aye"; opposed, "No." It is carried.

Dr. H. D. Walker (Pasquotank-Camden-Currituck-Dare counties): A few years ago, Washington and Tyrrell counties were taken out of the

First District and put in the Second District Society and Northampton County was put in the first. For some geographical reason, the Northampton Society does not attend the First District Society meetings. I understand that they want to go to the Fourth District Society. I, as Councilor of the First District, make a motion that they be moved to whatever district they want to go into.

The motion was seconded by Dr. T. L. Carter.

President Sidbury: There has been a motion made and seconded that the county be transferred to the District of their choice, which I understand is the Fourth District. Is there any discussion?

Dr. George Mtichell: I would be glad to welcome them to the Fourth District.

President Sidbury: All in favor of this motion let it be known by saying "Aye"; opposed, "No." It is carried.

I have here a letter, which Dr. Wilson handed to me, from Dr. Reynolds, regarding the North Carolina Workmen's Compensation Act, which has been referred to the Industrial Committee. If there is no objection, I will turn this communication over to the chairman of the Industrial Committee, and have them act upon it at this meeting. Will you give me the authority?

It was moved and seconded that it be referred to the Industrial Committee.

President Sidbury: All in favor let it be known by saying "Aye"; opposed, "No." It is carried.

This completes the program for tonight. I thank you very much for your patience. We will assemble in this room tomorrow morning at 9:30.

The meeting thereupon adjourned at 11:10 o'clock.

SATURDAY AFTERNOON SESSION

May 13, 1939

HOUSE OF DELEGATES

The second session of the House of Delegates of the Medical Society of the State of North Carolina convened at 3:30 o'clock in the Osiris Cafe, S. S. *Queen of Bermuda,* Dr. J. Buren Sidbury presiding.

President Sidbury: Please come to order. The meeting of the House of Delegates, second session, is in order.

First of all is the report of the nominating committee. Dr. Carter.

Dr. T. L. Carter (Gates County): Mr. President, the nominating committee had a meeting in the Belmont Suite of the *Queen of Bermuda* on May 10, 1939. The following members were present: Doctors T. L. Carter, T. L. Lee, J. F. Robertson, G. W. Mitchell, Seavy Highsmith, B. W. Fassett, J. A. Elliott, J. K. Pepper, R S. McElwee, G. W. Murphy. Dr. T. L. Carter was elected Chairman and Dr. T. L. Lee, Secretary.

Your committee submits for nomination for

President-elect—Hubert B. Haywood, M.D., Raleigh.

First Vice President—F. Webb Griffith, M.D., Asheville.

Second Vice President—Frank C. Smith, M.D., Charlotte.

Advisory to Industrial Commission—W. G. Suiter, M.D., Chairman, Weldon; J. F. Highsmith, Jr., M.D., Fayetteville; M. A. Pittman, M.D., Wilson.

Advisory Committee on Maternity and Infancy for the Children's Bureau—W C. Davison, M.D., Durham.

Advisory to Woman's Auxiliary—S. D. Craig, M.D., Chairman, Winston-Salem; W. H. Cobb, M.D., Goldsboro; Hubert B. Haywood, M.D., Raleigh.

Cancer—H. B. Ivey, M.D., Chairman, Goldsboro; C. C. Carpenter, M.D., Wake Forest; Thomas L. Lee, M.D., Kinston.

Commercializing Drugs—James M. Northington, M.D., Chairman, Charlotte; Julian A. Moore, M.D., Asheville; Aldert S. Root, M.D., Raleigh.

Finance—Vance P. Peery, M.D., Chairman, Kinston; G. W. Murphy, M.D., Asheville; W. M. Coppridge, M.D., Durham.

Hospitals—J. B. Whittington, M.D., Chairman, Winston-Salem; W. I. Wooten, M.D., Greenville; R. T. Ferguson, M.D., Charlotte.

Industrial Health—H. F. Easom, M.D., Chairman, Sanatorium; M. T. Plyler, M.D., Nashville; G. W. Murphy, M.D., Asheville.

Legislation—Donnell B. Cobb, M.D., Chairman, Goldsboro; George L. Carrington, M.D., Burlington; W. B. Dewar, M.D., Raleigh.

Medical Society Foundation—L. C. Skinner, M.D. (1939-1943), Greenville; M. L. Stevens, M.D. (1939-1942), Asheville; John Q. Myers, M.D. (1939-1941), Charlotte; W. S. Rankin, M.D. (1939-1940), Charlotte.

Mental Hygiene—J. W. Ashby, M.D., Chairman, Raleigh; J. W. Vernon, M.D., Morganton; A. B. Choate, M.D., Charlotte.

Moore County Medical Society Medal—Thurman D. Kitchin, M.D., Chairman, Wake Forest; I. H. Manning, M.D., Chapel Hill; F. M. Hanes, M.D., Durham.

Obituaries—J. B. Cranmer, M.D., Chairman, Wilmington; Ben J. Lawrence, M.D., Raleigh; Paul H. Ringer, M.D., Asheville.

Postgraduate Medical Study—J. W. Vernon, M.D., Chairman, Morganton; W. H. Smith, M.D., Goldsboro; R. F. Leinbach, M.D., Charlotte.

Printing—T. W. M. Long, M.D., Chairman, Roanoke Rapids; B. C. Willis, M.D., Rocky Mount; E. C. Judd, Raleigh.

Public Relations—D. W. Holt, M.D., Chairman, Greensboro; T. W. M. Long, M.D., Roanoke Rapids; P. P. McCain, M.D., Sanatorium.

Social Security—F. M. Houser, M.D., Chairman, Cherryville; Paul H. Ringer, M.D., Asheville; W. C. Bostic, M.D., Forest City; T. G. Upchurch, M.D., Smithfield; B. J. Lawrence, M.D., Raleigh; Paul F. Whitaker, M.D., Kinston; M. P. Whichard, M.O., Edenton; D. W. Holt, M.D., Greensboro; G. L. Carrington, M.D., Burlington; T. L. Carter, M.D., Gatesville; T. W. M. Long, M.D., Roanoke Rapids.

Socialized Medicine—F. Webb Griffith, M.D., Chairman, Asheville; James W. Vernon, M.D., Morganton; Roscoe D. McMillan, M.D., Red Springs.

Syphilis Control—J. C. Knox, M.D., Chairman, Raleigh; J. Roy Hege, M.D., Winston-Salem; Hamilton W. McKay, M.D., Charlotte.

To Study Four-year Medical School—C. F. Strosnider, M.D., Permanent Chairman, Goldsboro; B. J. Lawrence, M.D., Raleigh; J. W. Vernon, M.D., Morganton; K. B. Pace, M.D., Greenville; T. W. M. Long, M.D., Roanoke Rapids; Hubert B. Haywood, M.D., Raleigh; W. D. James, M.D., Hamlet; C. C. Carpenter, M.D., Wake Forest; William DeB. McNider, M.D., Chapel Hill.

Tuberculosis—S. M. Bittinger, M.D., Chairman, Black Mountain; P. A. Yoder, M.D., Winston-Salem; Karl Schaffle, M.D., Asheville.

DELEGATES TO A.M.A.—M. L. Stevens, M.D. (1940-1941), Asheville; W. T. Rainey, M.D. (1939-1940), Fayetteville; Wingate Johnson, M.D., Alternate, Winston-Salem; T. C. Johnson, M.D., Alternate, Lumberton.

DELEGATES TO MEDICAL SOCIETY OF VIRGINIA—F. H. Garris, M.D., Lewiston; W. G. Suiter, M.D., Weldon; B. M. Nicholson, M.D., Enfield; Paul F. Whitaker, M.D., Kinston.

DELEGATES TO SOUTH CAROLINA MEDICAL SOCIETY—L. N. Glenn, M.D., Gastonia; John Q. Myers, M.D., Charlotte; W. D. James, M.D., Hamlet.

We recommend that the next meeting be held at Pinehurst, North Carolina.

PRESIDENT SIDBURY: The motion is in order, what shall we do?

DR. GEORGE W. MITCHELL (Wilson County): I move we accept the report.

The motion was duly seconded.

PRESIDENT SIDBURY: It has been moved and seconded that the Nominating Committee's report be accepted. Is there any discussion? If not all in favor say "Aye"; all opposed, "No." The "Ayes" have it.

Is there any further business? Dr. McCain, you have a report on the President's address.

DR. P. P. MCCAIN (Sanatorium): Your committee feels that our President's address on socialized medicine is so timely and is such a masterly presentation of the subject, and is of such educational value that we heartily approve the action of the House of Delegates in urging that it be given wide publicity and that reprints be made at the Society's expense and that copies be sent to all public and high school libraries.

PRESIENT SIDBURY: What is your wish in regard to this committee?

DR. P. M. KING (Mecklenburg County): I move it be accepted.

PRESIDENT SIDBURY: Do I hear a second?

The motion was duly seconded.

PRESIDENT SIDBURY: Any discussion? All in favor say "Aye," opposed "No." The "Ayes" have it.

I don't know of any other business to come before the House of Delegates.

DR. GEORGE W. MITCHELL (Wilson): The nominating committee for the editorial board was to report.

PRESIDENT SIDBURY: I will ask that Dr. Mitchell make the report.

DR. MITCHELL: Mr. President, the committee appointed to nominate members to the editorial board of the *Medical Journal met*, and after due consideration decided to name the following members for a term of four years: Doctors Wingate M. Johnson, Winston-Salem; Hubert A. Royster, Raleigh; Paul H. Ringer, Asheville; P. P. McCain, Sanatorium; W. R. Berryhill, Chapel Hill; C. C. Carpenter, Wake Forest; and Fred M. Hanes, Durham.

This Board is to elect an Editor-in-Chief either from among its own members or from the Society at large. In addition the Board is to coöperate with the Executive Committee acting in an advisory capacity.

After discussion the report was unanimously adopted.

Dr. James W. Vernon (Burke County): Mr. President, if this is a suitable time I would like to make a motion that the President be authorized to appoint a committee to express the gratitude and appreciation of the Medical Society for the very fine entertainment and courtesies that have been extended to us on this trip and on this boat, and also to the officers of this Society for their very fine handling of our affairs during the past year.

President Sidbury: Do I hear a second?

Dr. McCain: I second it.

President Sidbury: All in favor let it be known; motion carried.

I had expected to appoint Dr. Long on that, but I believe I will appoint Doctors Vernon, Mitchell, and Foster.

Any further business?

Secretary-Treasurer Long: None that I know of, Mr. President.

President Sidbury: If there is no further business to come before the House of Delegates we will adjourn.

The meeting then adjourned.

ALPHABETICAL LIST OF FELLOWS FOR 1939 WITH POSTOFFICE ADDRESSES

Name	*Address*

Achard, Lucien	Morganton
Adams, C. N., ObG	Winston-Salem
*Adams, F. R., PH	Monroe
Adams, James R., Pd	Charlotte
*Ader, O. L., GP	Walkertown
Alexander, J. M., GP	Charlotte
Alexander, James R. (Hon.)	Charlotte
*Allan, William (Hon.), I	Charlotte
*Allen, A. L., NP	Roxboro
Allen, Chas. I., S	Wadesboro
Allen, G. C., GP	Lumberton
Allen, Jos. A. (Hon.), GP	New London
Allen, M. H., GP	Cramerton
*Allen, W. O., GP	Hendersonville
Allgood, R. A., GP	Fayetteville
Alyea, E. P., U	Durham
Ambler, A. C., Anes	Asheville
Anders, McT. G. (Hon.), GP	Gastonia
Anderson, C. A. (Hon.)	Burlington
*Anderson, C. P., PH	Durham
Anderson, E. C., GP	Wilmington
Anderson, J. B., GP	Asheville
*Anderson, R. S., S	Rocky Mount
Anderson, W. B., OALR	Durham
Anderson, Wade H. (Hon.), PH	Wilson
Andrew, L. A., Jr., U	Durham
Angel, Edgar, S	Franklin
Angel, Furman, S	Franklin
Anthony, J. E.	Kings Mountain
Anthony, W. A., GP	Gastonia
Archer, Isaac J. (Hon.), T	Black Mountain
Arena, J. M., Pd	Durham
*Armistead, D. B., I	Greenville
Ashby, E. C., S	Mount Airy
Ashby, J. W., P	Raleigh
Ashe, J. R., Pd	Charlotte
Ashford, Chas. Hall, GP	New Bern
Ashworth, B. L. (Hon.)	Marion
Austin, D. R.	Charlotte
Avery, E. S., I	Winston-Salem
Aycock, F. M., GP	Princeton
Aydlett, H. T. (Hon.), GP	Greensboro
Aydlette, Joseph P. (Hon.)	Earl
Ayers, J. S., GP	Clinton
Bacon, H. L.	Bryson City
Baier, Geo. F., Jr., GP	Asheville
Bain, Eugene A., PH	Wilmington
Baker, H. M., S	Lumberton
Baker, L. D., Or	Durham
Baker, R. D., Path	Durham
*Baker, T. W., I	Charlotte
Baker, W. E.	Arden
Bandy, W. G., GP	Lincolnton
Banner, A. C., OALR	Greensboro
Banner, Chas. W. (Hon.), ALR	Greensboro
Barbour, Edith Goodwin, GP	Morganton
Bardin, R. M., PH	Rockingham
*Barefoot, Graham B., I, Path., R	Wilmington
Barefoot, W. F., S	Wilmington
Barnes, H. E.	Hickory
Barnes, J. T.	Asheboro
*Barnes, Tiffany	Asheboro
Barrett, H. P., CP	Charlotte
*Barrett, J. M., GP	Greenville
Barrier, H. W., P	Concord
Barron, A. A., I	Charlotte
Basnight, T. G. (Hon.), GP	Stokes
*Bass, H. Hartwell	Henderson
Bass, S. P. (Hon.), GP	Tarboro
Battle, J. T. J. (Hon.), Ins.	Greensboro
Battle, M. W., Ob	Rocky Mount
Battle, N. P., S	Rocky Mount
Baxter, O. D., R	Charlotte
Beall, L. G. (Hon.), NP	Black Mountain
*Beam, H. M.	Roxboro
Beam, R. S., OALR	Lumberton

*Present at 1938 meeting.

Name	*Address*
Beasley, E. B., GP	Fountain
Beavers, J. W., GP	Kernersville
Beckwith, R. P., GP	Roanoke Rapids
Bell, A. E. (Hon.), GP	Mooresville
Bell, F. O.	Burlington

ROSTER OF FELLOWS FOR 1939
BY COUNTIES

Note. Every physician in the state whose name we could secure has had an opportunity to supply correct information as to his name, postoffice, academic, and medical education, date of State license and date State Society was joined. A few did not take advantage of the opportunity. Anyone finding an error should report it to the Secretary of the society.
